

Smarter Suite

Chemicals & Asset Management App

MANAGE YOUR ASSETS WITH SMARTER SUITE

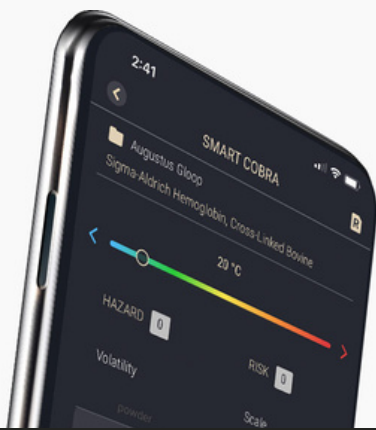

Smarter Suite is a one-stop-shop for clients to access extensive health and safety information, including Risk Assessments, and to manage their chemical inventory, using barcoding via SiSoT and RFID.

The app includes single sign-on integration, resulting in an expedited login to Smarter Suite.

Folder by folder download, allows clients to download all the data within that folder locally.

Asset management features include:

- Updating your chemical inventory and related information
- Scanning chemical containers in or out of a location
- Auditing your chemicals and marking containers lost or found in reconciliation mode
